Fire Services

Pull the Plug on Electrical Fires

Electrical equipment is a leading cause of home fires in Ontario.

Install **smoke and carbon monoxide alarms** on every storey of your home. **Test them every month.**

How do I keep myself and my loved ones safe?

- **Avoid running cords under rugs** which can damage the cord and cause a fire.
- **Avoid overloading a circuit with "octopus outlets"**. If additional outlets or circuits are required, have them installed by a licensed electrician.
- Extension cords should be used only as a **temporary connection**. If permanent wiring is required, have additional outlets installed by a licensed electrician. **Extension cords should not be linked together**—use an extension cord that is long enough to do the job.
- Air conditioners and other heavy appliances should be plugged **directly into an outlet**.
- **Ground fault circuit interrupters (GFCIs)** should be installed in bathrooms, kitchens, and garages. GFCIs shut off an electrical circuit when it becomes a shock hazard.
- **Check electrical cords for damage such as fraying or nicks**. A damaged cord can expose wires and result in a potential shock or fire hazard.

For more information contact your **local fire department**.

Notice to the Users of the Waterfront Pool Facility

Our pool cannot operate without our staff members. There have been several incidents of disrespectful behaviour from members of the public towards our staff members simply for enforcing basic safety policies. We take these verbal confrontations very seriously and, in a time when quality part-time and full-time staff are in high demand, we expect our pool users to be respectful and abide by the rules set out. If a user is unable to follow the rules, they will be denied entry and may lose their pool access for a period of time. Our City employees deserve respect when doing their jobs.

Pool Admission Policy

All children under 10 years old **MUST** be accompanied by an adult or guardian (14+) in the pool, regardless of swimming ability. This means adults or guardians must be in a swimsuit, in the pool, within arms reach of their children. This is the standard for pools across Ontario and is in place to ensure the safety of all our young swimmers.

Pool Capacity

The capacity of the pool depends on the number of lifeguards on duty. These numbers are stipulated by the Government of Ontario's Public Pools Regulation 565/90.

O-24 Swimmers

1 Lifeguard (if the slide is open: 2 Lifeguards)

25-56 Swimmers
