### Afternoon Book Club

The Library is pleased to have several Book Clubs. The club enjoys discussing the English book we've all just read. Each member chooses three books they've read and enjoyed and we then each get to vote for our first, second and third choices as to what we'd like to read next to determine what we'll be reading and in what order. Whomever contributed the title we're reading is the person who leads the discussion. We have a good group of avid readers but there is always room for more.

Haileybury Residents. Please be advised, the Albert Street Reconstruction Project is set to begin again on April 29th, 2024.

**Complete Overnight Parking Prohibited** | November 1, 2023 to March 31, 2024  
**Winter Maintenance Season** | November 1, 2023 to April, 2024.

### In Effect

**Weather Monitoring Season** | October 1 to April 30.

The minimum standard is to monitor the weather, both current and forecast to occur in the next 24 hours, once every shift or three times per calendar day, whichever is more frequent, at intervals determined by the municipality.

### Spring Maintenance Activities

- ◆ Half Load Restrictions
- ◆ Street Sweeping and Spring Clean Up
- ◆ Lawn Repairs
- ◆ Road Repairs
- ◆ Sidewalk Repairs

For further information, visit the city website.

### Half Load Restrictions in Effect

March 6, 2024 until June 30, 2024, unless indicated otherwise.

When half-load restrictions are in effect, a road is off-limits to vehicles exceeding 5 tonnes per axle. However, there may be alternate routes that can be taken to reach a destination.

### Why

Roads become softer and weaker during the spring thaw. Heavy vehicle traffic on these roadways can cause permanent damage. Following the half-load restrictions reduces the potential for any unnecessary road repairs or reconstruction.

### Street Sweeping and Spring Clean-up

The annual spring clean-up includes sweeping all paved roads and some hard surfaces, to remove debris and materials that have accumulated throughout the winter season and could pose dangers to motorists, pedestrians/cyclists as well as clogging up catch basins and inlets.

Residents are asked to help crews clean the city by not parking vehicles on the streets while street sweeping activities are being conducted in the area. Typical hours of operations are Monday to Friday, between 6:30am and 3pm beginning in April (weather dependent). Hours of operation may also very depending on the location that needs to be swept.

### Hydrant Flushing | April 2024

Hydrant Flushing is conducted semi-annually as part of the Water Maintenance Program. These operations are carried out typically in April and October of each year.

During this time customers may experience discolored water. If you do, it would be advisable to refrain from doing laundry or using hot water until the water clears. The Public Works Operations Staff makes every effort to maintain the designated schedule. Your co-operation is appreciated.

Further information will be provided about Hydrant Flushing
