Digital Literacy Sessions

The library's digital literacy sessions are for patrons looking to access help to learn how to use their e-readers, tablets, laptops and other devices. Anyone can make an appointment to learn more about using their smart device. Staff will provide their knowledge and expertise to assist you, and if they are unable to address the issue, will provide guidance for patrons as to where they can go for additional services. Digital literacy session appointments run at 45-minute intervals to provide specific one-on-one help addressing a patrons' specific question or troubleshooting issue.

CO2 Sensor Lending Program

Curious about the air quality in your indoor spaces? The library has CO2 Sensors for loan. CO2 is a gas that is produced when people exhale. As more people remain in a room, CO2 levels increase quickly if there is not enough fresh air coming into the space. High indoor CO2 levels can cause tiredness, headaches and other symptoms, and indicate that a space is not well ventilated. High CO2 levels can also facilitate the spread of airborne infections. The devices are not CO (Carbon Monoxide) detectors and are not life safety devices.

PFC Family Pool Passes for Loan

Thanks to a generous donation from the City of Temiskaming Shores' Recreation Department, the Library now has two family pool passes for loan! The passes can be borrowed for 7 days, and allow a family (up to 5 people) free access to the pool at the Waterfront Pool and Fitness Centre. Borrowers may take the passes two times in a 12 month period. Holds can be placed on the passes to plan ahead, but there are no renewals
